Home Build Year: 1990 / **Description Of Work:** Replaced rotting fascia boards, put up soffit's and manufactured and installed seamless gutters on site.

Member Comments: It is often difficult to get contractors to our summer home on Lake Erie. Gutter King showed up when we requested, gave us an outline of what could be completed and furnished us with an estimate that day! The work was completed exactly as stated and ON THE DAY we requested and in the time allotted. We were very pleased with the results and will definitely use them again in the near future to continue with their suggested repairs and upgrades.

Description Of Work: Adding a gutter and downspout to the back of the house.

Member Comments: I called on Monday; they came out Tuesday to give me a quote, and showed up Wednesday exactly on time to perform the work. They made a recommendation to change the location of the downspout in order to provide proper drainage, and did the work exactly as requested and very quickly. Both gentlemen were very professional and I'm extremely happy with the work. I would definitely use them again.

Work Completed Date: November 30, 2011 / **Hire Again:** Yes

Description of Work: 1-Cleared an ice dam in the winter of 2011. 2-At our request, installed roof wires to melt ice in the future. 3-The provided the advantages and Down-side which is essentially the electrical cost. -3-Returned in late fall to clean gutters.

Member Comments: They were prompt, provided information about what needed to be done and the cost and did exactly what they described. This took three visits. On one, problems at another house delayed their arrival. I was called, told what the delay would be and offered the opportunity to reschedule. I found them to be very professional and was happy with the service provided
